The International Symposium on Dyes & Pigments – Modern Colorants; The Synthesis and Applications of $\pi$-systems, will take place from 8–11 September 2019, in Seville, Spain.

The aim of this inaugural ISDP is to provide a single focus to bring together researchers from across the scientific disciplines which create and utilise chromophores and fluorophores, to promote communication across these different disciplines and to provide a platform for the presentation of cutting edge work.

Abstract submission deadline: 10 May 2019

Early bird registration deadline: 21 June 2019

Topics

Oral and poster abstracts are invited on the themes below. The themes are not meant to be too prescriptive but should be used as a general guide for submission. Please see the conference website for more details.

Theme 1: Biological dyes
Theme 2: Modern chromophores
Theme 3: Colorants in action
Theme 4: Traditional dyes

We welcome your contribution
